

Stick to the Schedule

Maria quits her job at Light’s Photography Studio without giving any notice. This is unacceptable business behavior and creates a problem for her employer. It means that a new work schedule must be made up quickly. Using the employee availability schedule below, work with two classmates to create a new schedule that covers the shifts Maria was supposed to work.

Schedule two employees to work each shift, but schedule no employee more than 40 hours a week. Maria was scheduled to work Shift 2 on Monday, Wednesday, and Saturday.

Light’s Photography Studio – Employee Availability

Franklin can work only Shift 2 on weekdays and cannot work any on Mondays.

Vanessa likes to work Shift 1 on weekdays. She prefers not to work on Saturdays.

Greg can work only Shift 2 on weekdays. He cannot work on Tuesdays.

Aida likes to work Shift 1 on weekdays. She cannot work on Saturdays.

Michael can work Shift 2 on weekdays and either shift on Wednesdays, but no more than 20 hours a week.

Jasmine is flexible but prefers to work on weekends only.

Current Work Schedule
