• What is your name?	emergency medical technician
• Who was treated at the scene and for what?	emergency medical technician

Technology Skill Check 1

Answers will vary according to the photograph selected from the Internet.

Technology Skill Check 2

Answers will vary. Descriptions must include 3 elements: what will be shot, at what angles, and from how close.

Suggestion:

I will photograph the 7th graders cleaning up Brandywine Creek. I will look for 1 or 2 students who have found or are removing a large piece of trash. I'll stand downstream for some shots and on the shore for others. I will use my telephoto zoom with the 1,000 magnification to remain unnoticed and keep the shot spontaneous.
