

It's for Real Workplace Ethics

It's for Real Workplace Ethics Ed3 follows five students who attend school and work part-time. They encounter ethical problems on the job and your students suggest the ethical solution. Ample activities and critical thinking situations are provided as well as a blog for students to give their opinions.

Excellent for Work-Based Learning, Internship, Youth Apprenticeship, and Transition programs

The Teacher's Desktop allows multiple student rosters, pre- and post-test capability, required and optional lessons, minimum score setting, scores by student and class, editing of student information, easy navigation.

This program is available for the online version only.
